-Talking about games (why so suddenly...) (Proofreader's Note: Square refers to Square Enix, the creator of the FF series.)

I've finally got to see the continuation video for FF7.

It was incredible! Really cool! As expected from Square!

The CG technique is incredible.

And there are certain spots for voices and characters. And suddenly the movie ended without me realizing that it did. So I immediately started to replay (laughs).

Cloud... You're so cool. (<--Moron).

It felt like it finally ended. And that was good.

Why are all of the characters drawn by Nomura-sen so good-looking?!

I guess I'll watch it again. (laughs).

Sorry to the people who don't play games.

I WANT TO TALK TO YOU MORE... BUT I'M IN A FOREIGN COUNTRY, SO I DON'T THINK I CAN MAKE IT BACK ANY SOONER
I'LL CONTACT YOU WHEN I GET BACK.

"Talking about Summer Festival" Part 3

It's of course the yukata. Recently it has been easy to buy and wear. And it has so many cute patterns.

I've recently seen many boys in yukatas wearing it along with the girls (Good) But the yukata is really good. What? The guys are in yukata! (laughs)

Because of those ties around the hip. (So perverted! lol)

Even as the generation changes Japanese people's bodies still don't change that much. They look good in them normally.

I've gotten a chance to draw Chiaki in them...and I was happy that I got to draw that!

It was difficult but... (laughs)

I hope I'll get to draw them again (lol)
